¹⁶ Dinas Perkebunan Kaltim 2016

Alert Imagery (before and after satellite images)

Date: Aug 13, 2018

Date: Oct 8, 2018

Ownership Information

Group: HSA Group

In 2012, four UAE holding companies (Prestige Holding Ltd., Malindo Investments Ltd, Crescent Investments Ltd, and Green Resources Ltd) believed to be affiliated with the Yemen-based HSA Group purchased a 80% stake in each of these four companies, located in the Boven Digoel district of West Papua, Indonesia: PT Megakarya Jaya Raya, PT Kartika Cipta Pratama, PT Graha Kencana Mulia and PT Energi Samudera Kencana. PT Megakarya Jaya Raya and PT Kartika Cipta Pratama are two concessions included in Tanah Merah project in Boven Digoel Regency. These concessions cover a combined 155,330 hectares. Since January 2014, around 5,000 hectares of forest have been cleared in PT Megakarya Jaya Raya and PT Kartika Cipta Pratama.

Up until June 5, 2018, the four plantation companies had Fouad Hayel Saeed Anam listed as their President Commissioner on their notary acts. Fouad Hayel Saeed is HSA Group's subsidiary Pacific Inter-Link's Managing Director & the Regional Director-Malaysia of the HSA Group. The documents also listed Salah Ahmed Hayel Saeed as the Commissioner of PT Energi Samudera Kencana & PT Megakarya Jaya Raya and the President Director of PT Graha Kencana Mulia & PT Kartika Cipta Pratama. Hayel Saeed is the Director of Pacific Inter-ink's refining division PT Pacific Palmindo Industri. Recent notary acts confirm that on June 5, 2018, Fouad Hayel Saeed ceased to be President Commissioner of PT Megakarya Jaya Raya and PT Kartika Cipta Pratama, and Salah Ahmed Hayel Saeed is no longer Commissioner of PT Megakarya Jaya Raya and the President Director of PT Kartika Cipta Pratama. Nakul Rastogi also disappeared from PT Kartika Cipta Pratama's notary acts.

However, June 5, 2018 notary acts show no change in PT Megakarya Jaya Raya, PT Kartika Cipta Pratama, PT Graha Kencana Mulia and PT Energi Samudera Kencana shareholders. Hence, it is assumed that these companies remain affiliated with the HSA Group. Little is known about the new directors of the two concessions, except they include some notable individuals in Indonesian politics and business. Mr. Alwi Abdurrahman Shihab, former Foreign Minister of the Indonesian government, has become the president commissioner of PT MJR. Drs. Tommy Sagiman is now the commissioner of PT KCP. He is ex-Inspector General of the police. Nata Singh Gurdev Singh became director of PT MJR in June 2018. Until April 2018, he worked for Sime Darby. Alwi Abdurrahman Shihab is Indonesian President's special envoy to the Middle East and the Organisation of Islamic Cooperation.

The HSA Group is one of the oldest business conglomerate in the Middle East, founded in 1938 by Al Haj Hayel Saeed Anam and his brothers Mohamed, Abdo and Gazern. The Group is today headed by Abdul Gabbar Hayel Saeed, its Chairman and CEO. The HSA Group is involved in the palm oil industry through its subsidiaries PT Pacific Palmindo Industri, PT Pacific Medan Industry, PT Pacific Indomas, PT Pacific Indopalm Industries, Pacific Oil & Fats Industries and Pacific Inter-Link, which are all RSPO members.¹⁷

Additional evidence shows continued family links to the PT Tulen Jayamas Timber Industries timber complex, a joint-venture project 'with Bumimas Raya Sdn Bhd, Pacific Inter-Link Sdn Bhd, Yakin Dijaya Sdn Bhd and Al Salam Bank Bahrain' announced by Tadmax Resources in 2012.¹⁸ The PT Tulen Jayamas Timber Industries timber complex is situated within the PT Kartika Cipta Pratama concession.

Malindo Investments Ltd which holds 80% shares in PT Kartika Cipta Pratama (see above), also holds 40% of the shares in the Malaysian-based parent company of PT Tulen Jayamas Timber Industries – ie Tulen Jayamas Sdn Bhd. Mr. Salah Ahmed Hayel Saeed and Mr. Fouad Hayel Saeed Anam are directors in Tulen Jayamas Sdn Bhd, in addition to their positions in the Indonesian subsidiary (PT Tulen Jayamas Timber Industries) as of 28 April 2018.

Supply Chain Information

The HSA Group company, Pacific Inter-Link (PIL) used to trade with IOI and Nestlé, however both companies have suspended trade with the company due to concerns over its involvement in deforestation. Pacific Inter-Link claims to be one of the largest palm oil traders to the Middle East, Africa, Russia, Ukraine and Turkey.
